Dr Geo. Englemann

Dear Sir:

I this
mail send you a cactus which I found
out about 50 miles East of this Place,
I dont know whether it is anything
new or not, if it is something you know
I would be very much obliged if you would
write & tell me the name of it.

I take great delight in hunting up
any new kind of Plants, and looking at
your cactus Books, I have found a great
many new plants around this Place, if
you would like them I will send you a
lot of Pressed wild flowers which I
have collected. Happy to hear from you soon

I remain

Yours Truly
